# Connect

Impero

Efficient and flexible remote access software for highly secure organizations

Impero Connect is the market-leading remote support software designed to suit the specific needs of any business.

Impero Connect offers cutting-edge enterprise remote access solutions configured to secure the most complex IT environments, ensure compliance standards and increase the efficiency of businesses from anywhere in the world.

Impero Connect is used by **half of all Fortune 100 companies, nearly a third of Fortune 500 companies and 60% of the Financial Times' list** of largest companies in Europe.

Impero's ambition is to help companies connect with confidence to any device, platform or network via its Connect software, the fully customized, secure solution that meets the needs of any business.

Industries

Although Impero Connect can be configured to suit the needs of most organizations and it accommodates a wide range of industries, it is mostly used in the **retail, financial, healthcare** and **manufacturing** verticals.

Impero's remote access software is scalable to every business size, large or small, no matter the stage of development.
