Introduction

These modification notes contain information relating to the maintenance release of Netop Remote Control 12.81. As a maintenance release, version 12.81 is free for customers with a valid 12.80 license. Information about the 12.80 release and subsequent maintenance releases can be found on the [Release History](#) section of the Netop website.

If you have questions about your license or wish to upgrade to Netop Remote Control 12.80, please [contact Netop](#) or your local Netop partner for more information.

What's new in Version 12.81

The release of version 12.81 of the NRC Host for macOS 10.15 fixes a bug where the Screen Recording permission could not be granted after the first installation of the Netop Remote Control Host. Users can now grant manually the Screen Recording permission after installing the NRC Host.
