Product/version/build:

Windows – version 13.00 (2022158)

Release date:

June 27, 2022

Version 13.00 of Impero Connect is now available

These modification notes contain information relating to the major release of Connect version 13.00. This release provides a new and improved installer compliant with Windows's security policy, while also enhancing the user experience.

Select your preferred language from the 12 languages available in the first step of the installation.

This is a major release that requires a new license key and a new installation as the update from previous versions is unavailable. Please note that Portal users will need to download and install the new version to benefit from all the improvements.

If you have questions about your license or wish to upgrade to Connect version 13.00, please contact Impero or your local Impero partner for more information.

Information about the 13.00 release and subsequent maintenance releases can be found on the Release History section of the Impero website.
